South Dakota

Cattlemen's
Auxiliary

The South Dakota Cattlemen's Auxiliary consist of individuals who are interested in promoting beef in South Dakota.

We help to support and fuel demand for beef through educational events, promotion and sponsorship.

Members have the opportunity to share their story directly with consumers while being a part of a unique community of cattle producers.

The SD Cattlemen's Auxiliary is the non-policy affiliate of the SD Cattlemen's Association.

Promoting Beef Within Our State

The funding used by the Auxiliary is generated through the \$1 National Beef Check-Off. Half of that \$1 is invested in beef promotions through out the state under the supervision and approval of the South Dakota Beef Industry Council and the other half is invested in supporting Beef with programs on a national level

Our Stories Have The Power To Break Down Barriers
